PRESENTING....

SOME EXCELLENT REASONS TO VISIT TALON TIRE FOR ALL YOUR TIRE NEEDS

EXCELLENCE IN SERVICE

Our carefully trained staff use modern equipment to meticulously mount your tires and wheels. (Mismatched tires can pull your car to one side, cause vibrations and shorten tire life).

Our balancing system is so uniquely accurate that customers come to us from as far away as Quebec City, Trois Rivières and Toronto, to resolve their vibration complaints. Our electronic balancing equipment is the finest available anywhere, so you get a smooth comfortable ride (even beyond legal speeds).

Your "Mag" Wheels

are safe with us, as we use only the highest quality **nylon-coated** balancing weights. They won't damage the plastic finish of your wheel or cause corrosion like regular lead weights.

We fasten the wheels on your car by first hand-threading the nuts and then precision torquing them to the manufacturer's specifications.

- No Warped Brake Rotors
- No Stripped Threads
- No Marred Wheels

You can always remove a wheel without frustration.

Even if we install only one tire, we check and adjust **all** your air pressures, including the spare. (Most of today's spares require 60 p.s.i. of air to support a car, but frequently drop to 30 p.s.i. or less while sitting in the trunk).

Our Flat Repairs

are permanent and safe. We use only the best **chemical patches** applied from the inside of the tire. Repairs done from the outside, without inspecting for internal damage, are only temporary and can result in a blowout later.

PRESENTING....

EXCELLENCE IN PRODUCT

We're not just order takers. We're here to answer your questions and to help you make the **right** choice. We have knowledge about a wide range of tire applications and carefully monitor the latest technological developments and trends in tire manufacturing.

At Talon, you've got plenty to choose from:

TIRES		
• Bridgestone	• Goodrich	• Michelin
• Continental	• Goodyear	• Pirelli
• Dunlop	• Hoosier	• Toyo
• Firestone	• Kelly	• Uniroyal
• General	• Marshall	• Yokohama
WHEELS		
• AMG	• FITTIPALDI	• MSW
• BBS	• FORGELINE	• O-Z
• BORBET	• KINESIS	• RONAL
• BREYTON	• KOSEI	• SVT
• FIKSE	• MILLE MIGLIA	• TR MOTORSPORTS

We know how frustrating it can be to wait around to have your car worked on, so we make it easy for you. We work by appointment and do the work when it would be **MOST CONVENIENT** for you.

And while you're waiting, you can enjoy freshly brewed coffee and current magazines in our clean comfortable showroom. Or, if you prefer, you can watch the unique way our staff handle your tires and wheels.

EXCELLENCE IN CUSTOMER RELATIONS

With the help of the A.P.A., we've come up with some unique consumer-oriented policies:

- We pay **no commission** so our staff won't push a more profitable tire when it's not the right choice.
- There are **no hidden extras** in our price.
- Our road hazard guarantee provides a replacement tire based on the price you paid.

A.P.A. Members: Let us know you're an A.P.A. member and bring in your card. You'll get a **4% discount** off our tire prices.
